

The name “Clontarf”
derives from the term
Cluain Tarbh,
meaning

“meadow of
the bull”...

Etymology suggest that
the sound of the waves,
as they beat along the
shells and sands of the
coastline resemble the
bellowing of a bull. It is
said that the roar of the
tide on the sandbanks
filled Dublin Bay.

For over 800 years, people have been guided by the grand turrets and glowing lanterns of Clontarf Castle, warmly welcomed to the door. Here we continue the tradition and invite you to share in the story and explore the wonder of Clontarf Castle.

CLONTARF CASTLE'S STORY

Art is not an afterthought at Clontarf Castle. It's an immersive journey that will help you unlock the story of one of Ireland's most unique castle hotels. You'll experience Dublin's history

when you stay at the Castle, but there are also secrets to explore; they're brought to life through the paintings, photography and sculptures that await you around every corner.

GEORGE FRIDERIC HANDEL
1685 - 1759

Regarded as one of the greatest composers of the Baroque era, Handel was a regular guest at the castle during the Dublin premiere of his famous work Messiah. Captivated by Dorothy "Dolly" Vernon, lady of Clontarf Castle's

Forest Music in her honour. *Dolly's legacy would be remembered in the christening of Dollymount, one of Clontarf's finest neighbourhoods.*

JOSEPH MALLORD WILLIAM TURNER
1775 - 1851

Dating from circa 1816/7 this depiction of Clontarf Castle by Turner is the artist's only known Irish work. Resident and country squire John Vernons daughter Maria Sophia was then the wife

of Turner's patron Walter Fawkes. Some say Turner (who is not thought to have visited Dublin) painted the piece as a reminder for Maria Sophia of her beloved childhood home in Dublin.

BATTLE OF CLONTARF GOOD FRIDAY, 1014

Picture the scene: hordes of Viking warriors, driven from Clontarf Strand by Brian Boru, High King of Ireland. They would ultimately have their revenge; the legendary warlord would

be slain as he knelt in prayer, close to where Clontarf Castle still stands today.

ABRAHAM "BRAM" STOKER

1847 - 1912

Irish author, best known for his 1897 world famous Gothic novel... "Dracula"

Just a short walk away from Clontarf Castle sits an elegant townhouse with a bright red door. It was inside 15 The Crescent that a child's imagination began to swirl around dark and

eerie Gothic tales, learned at bedtime by his mother's rocking chair. Born in 1847 and author of Dracula, Bram Stoker remains one of the most famous Clontarf residents in history today.
